Our Chancellor

Professor Anne-Marie Imafidon MBE HonFREng HonFBSA HonFIET, an inspirational trailblazer in business, maths and technology.

One of the UK's most influential women in tech and a leading advocate of diversifying talent in science, technology, engineering and mathematics (STEM), Professor Anne-Marie Imafidon MBE was appointed Chancellor of Glasgow Caledonian University in 2024.

Professor Imafidon is a trailblazer in the fields of business, mathematics and technology, and has received a host of accolades including an MBE in 2017 for her services to young women and the STEM fields. She was named the UK IT Industry and British Computer Society's Young IT Professional of the Year in 2013, and, in 2020, the UK's Most Influential Woman in Tech by *Computer Weekly*, the same year she was appointed a NATO2030 Young Leader. In 2021 she began a run as temporary Arithmetician for 60 episodes of Channel 4's *Countdown*, the world's longest-running game show.

As co-founder of the award-winning organisation Stemettes, Professor Imafidon has spearheaded initiatives to inspire the next generation of girls and young women in STEM careers, reaching more than 73,000 young people across the UK and Europe. Professor Imafidon helps to lead Women in Tech, a UK Government taskforce designed to ensure women "enter, stay in and lead" the country's technology sector, and she chairs the Institute for the Future of Work, an independent research and development body exploring how new technologies are transforming our working lives.

A sought-after presenter, keynote speaker and adviser, she continues to make significant contributions to the advancement of women in technology, and, in 2022, wrote *She's in CTRL, Transworld,* a guide to women's empowerment through digital literacy.

Professor Imafidon is both Chancellor and an Honorary Professor of the University, though her remarkable learning journey also includes passing GCSEs at the age of 10, becoming the youngest girl to pass A-level computing at 11, and earning a Master's degree in Mathematics and Computer Science from the University of Oxford aged just 20. Professor Imafidon embodies our University Values: confidence, creativity, integrity and responsibility.

Graduation ceremony

The celebration is a blend of old and new traditions.

Your graduation ceremony is a blend of centuries of academic history woven with the University's own traditions.

The ceremony draws together our community to mark the award of degrees or other achievements and celebrate your success with pride as you reach a milestone in your journey with us. It begins with the academic anthem, *Gaudeamus Igitur* (Let Us Rejoice), and graduands (students about to have their degrees conferred) and their guests stand as the academic procession enters. The procession usually includes our Chancellor, Vice-Chancellor, Vice-Principals, senior staff, members of the University Court and Senate, distinguished honorary graduands and the Bedellus.

The Bedellus carries the Caledonian Mace - the symbol of our independence and authority to confer degrees. Ceremonial maces' roots can be traced to the Middle Ages when they would be used as weapons to protect the monarch and, subsequently, university leaders. Our richly decorated ceremonial Mace celebrates our motto, For the Common Weal, and was designed by The Glasgow School of Art and gifted by the universities of Glasgow and Strathclyde. The Mace was the first to be produced in Scotland for a Scottish university in more than 100 years.

Degrees are conferred, or awarded, by our Chancellor, Vice-Chancellor (our Principal and executive head of the University), or by our Chair of Court – our supreme governing body.

Our students are presented by the Dean, the most senior academic of each of our Schools, and are then capped – signifying that your degree has been awarded and you are now a graduate. The award given to each graduating student is based on the level of their study and their course.

Alongside our own students, we also award honorary degrees to public figures who embody our Values in recognition of their outstanding achievements in their sphere. The ceremony usually closes with an address from the Principal and Vice-Chancellor.

Graduation Robes

The origins of today's academic dress – including the robe and hood worn by our students – can be traced back to medieval Europe's earliest universities when students adopted long, sober clothing to reflect their scholarly status.

While every-day fashions have changed, the often flamboyantly coloured robes have remained an integral part of academic ceremonies – undoubtedly adding to the sense of occasion at graduation.

The introduction, in 2010, of the various richly hued graduation robes and hoods that are associated with each of our degrees was a landmark in our history and illustrates our pride in our past and present, and in our ambitions for the future.

The coloured hoods associated with each degree replaced the uniform academic dress that had remained unchanged since we were awarded university status in 1993 and celebrate the diversity of achievement of our 21st-century graduates who come from all over the world.

Members of our academic procession wear the academic dress associated with the university from which they graduated, creating the vibrant variety of colours you'll see at today's ceremony.

Below: The ceremony brings our community together to celebrate your success.

Award of Honorary Degree of Doctor of Business

Norrie Innes

will be presented by
Yvette Hopkins
Chair of Court

Norrie Innes, a former footballer and alumnus of GCU founding institution Glasgow College of Technology, has helped revitalise many UK cities.

His Barras Art and Design (BAaD) project transformed a neglected Glasgow marketplace site into a hub for music, food, markets, studios, performance and creative businesses. Restoring footfall and pride, it contributed to the Scottish Urban Regeneration Forum's 2019 award for "Scotland's most improved place" for the Barras in Glasgow's Calton.

He joined Hibernian FC at 16 and played for Motherwell and Clyde. He became Clyde's Chairman in 2017. He stepped down after promotion to League 1, ending a decade languishing in League 2. At 43, he played in Catalonia, coming up against Barca B and Villareal in preseason matches.

After balancing civil engineering studies with part-time playing, and gaining valuable practical experience, he founded award-winning ROCK DCM. Its Homes for the Future project, for Glasgow's 1999 UK City of Architecture and Design, helped catalyse East End regeneration. He established STONE3, helping reimagine Glasgow's waterfront, and Sheffield, Nottingham and Warrington's civic centres. Norrie also created and sold ROCK RES, an NHBC Registered developer and builder, in 2008.

Norrie champions communities, emerging businesses, creatives and social enterprises. As a GCU Entrepreneurial Ambassador, he supports GCU's entrepreneurs by co-chairing seed-funding panels, delivering masterclasses and mentoring student start-ups.

An early donor to our 150th Anniversary Campaign, he helps raise funds for scholarships for our future students.

Award of Honorary Degree of Doctor of Laws

Lady Aisha Yaqoob Anwar

will be presented by
Claire Hulsen
Vice-Principal Strategy and Academic Operations

Lady Aisha Yaqoob Anwar made history as the first person of Pakistani heritage to be appointed as a Senator of the College of Justice, as President of the Sheriff Appeal Court and as Sheriff Principal. She became the first women to be appointed to the office of Sheriff Principal of Glasgow and Strathkelvin in 2023.

Aisha was appointed Sheriff Principal to South Strathclyde, Dumfries and Galloway in 2020 and to Glasgow and Strathkelvin in 2023. In the same year, she was appointed as the President of the Sheriff Appeal Court. She became honorary King's Counsel and a temporary judge of the High Court of Justiciary in 2024, overseeing Scotland's most serious criminal prosecutions. She is an adviser to the Scottish Sentencing Council.

In September she became a Senator of the College of Justice, acquiring the title Lady Anwar.

Aisha graduated from the University of Edinburgh in 1996 and from Oxford in 1998 before joining Maclay Murray & Spens as a trainee.

She is committed to making our legal system more accessible. Her letter to the children involved in a contact-dispute case, explaining her decision in language they could understand, has been described as "the Scottish Courts at their best" and has been performed at the Edinburgh International Festival.

In addition, she has led a transformative case management process that streamlines criminal proceedings in the Sheriff Courts and offers victims swifter resolution. She was pivotal in the judiciary's rapid response to Covid-19.

Aisha co-authored the *Civil Bench Book for Sheriffs* and contributed to *Macphail on Sheriff Court Practice.*

She is an honorary member of the Faculty of Advocates and of the Royal Faculty of Procurators in Glasgow and has served on the Judicial Appointments Board for Scotland and the Scottish Courts and Tribunal Board.

Alongside the Royal Faculty of Procurators in Glasgow, she established the Sheriff Principal's Mooting contest, giving law students an opportunity to experience the rigour of competition, network and gain vital real-world skills.

Alumnus of the Year

Are you or do you know a Glasgow Caledonian graduate who has excelled in some way? The GCU Alumnus of the Year Award is an annual honour that celebrates the early career success and contributions of graduates.

Transforming lives

Glasgow Caledonian University Foundation works to support the University's commitment to the Common Good, raising funds to transform lives through education and research.

Thanks to generous donations from alumni and friends, we have raised more than £12 million, providing vital financial assistance, and widening access to a variety of educational and life-changing opportunities.
