

Teachers and Advisers Conference

Tuesday, 12 May 2026

Annie Lennox Building

Time	Programme	Room
9.00-9.30	Registration and refreshments	Annie Lennox Foyer
9.30-9.45	Welcome talk Niall Seenan from the UK and Ireland Student Recruitment Team will open the day and run through important information.	W110
9.45-10.15	Careers guidance Gail Ferrier from the GCU Careers Service will showcase how the department supports students from first year through to two years post-graduation, offering individual guidance and employer events to help students network and find their path.	W110
10.15-10.45	Admission Q&A The admissions team at Glasgow Caledonian will be on hand to answer any questions about entry requirements, personal statements, interviews and more.	W110
10.45-11.00	Refreshment break	Annie Lennox Foyer
11.00-12.00	School of Science and Engineering The School of Science and Engineering (formerly known as the School of Computing, Engineering and Built Environment) has recently undertaken a major refresh of its programmes for the September 2027 intake. We'd like to showcase what's new, what's improved, and what this means for the future of Science and Engineering education. Our Vice-Dean, Professor Tuleen Boutaleb will start the session with an overview of the changes to our portfolio, how and why these were developed, and the benefits they offer. We will then split into three groups, where you can choose to visit one department to meet the staff, see the facilities and find out in more depth about our programmes and the new developments. You will have a choice of visiting: <ul style="list-style-type: none"> ▪ Department of Computer Science ▪ Department of Engineering ▪ Department of Construction and Built Environment 	W110 and then a tour of the facilities
12.00-13.00	Glasgow School of Business and Society Risk Management and Finance, Investment and Risk Are you interested in finding out more about BA (Hons) Risk Management and BA (Hons) Finance, Investment and Risk? We will discuss what makes these courses unique, visit our Bloomberg suite, and discuss the exciting career prospects in risk management and financial services. We will share details of the fantastic companies who work closely with our students, the jobs our graduates have achieved, and how our close industry links enhance the student experience. Social Sciences We recently celebrated 50 years of Social Sciences at GCU, so join our session to find out more about the current BA (Hons) Social Sciences and what it offers our students. You'll hear a course overview, including what students study and the options they have to specialise later in the degree. You will also find out more about the student experience, the work placement and exchange opportunities available, and the range of career prospects for graduates of our course.	W116 W110
13.00-13.45	Lunch	Annie Lennox Foyer
