Welcome to Glasgow Caledonian

Hello and welcome from the Student Engagement and Events team at Glasgow Caledonian University - we are delighted you have chosen to study with us! This is an exciting time as you take the next step towards your future.

The International Welcome Programme is our way of supporting you in the opening stages of your journey at Glasgow Caledonian. It includes social events, opportunities to meet students and staff, as well as other essential information.

As you begin your studies, you may find that joining a new university - and moving to a new city or country - can be a challenging experience. We're here to help you throughout this time. Remember, other students are going through similar experiences to you, so invite your new friends along to events and activities as well.

We wish you every success in your studies at Glasgow Caledonian and hope the experience is rewarding, successful and most of all, fun.

Jessica

Meet the team

Jessica is our Student Events Coordinator. She is responsible for delivering our International Welcome Programmes, as well as Freshers' Week and other on-campus student events.

Student Ambassadors

We have a team of Student Ambassadors to support you on arrival and welcome you to Glasgow Caledonian. Just look out for their light blue hoodies!

Checklist to get ready

Before you arrive

- ☐ Apply for your Student Visa, if you require one
- ☐ Find long-term accommodation in Glasgow or surrounding areas. If you require support with this contact accommodation@gcu.ac.uk
- ☐ Get travel insurance
- ☐ Check the latest travel information
- ☐ Download the [GCU Welcome App](#) and follow GCU Student Life across social channels
- ☐ Join the [Welcome Sept 2026 channel](#) on WhatsApp
- ☐ Register for your international [welcome activities](#)
- ☐ Prepare for Scottish weather with waterproof clothing and footwear
- ☐ Ensure your hand luggage includes your essentials and visa documents such as copies of your passport, visa, CAS and maintenance evidence
- ☐ Prepare method of transferring funds to a UK bank account in your name
- ☐ Pack a laptop or device which can connect to WiFi
- ☐ Bring a mobile phone which will work in the UK. [It may be cheaper for you to buy a pre-paid UK SIM card](#). Using a foreign SIM in the UK can increase the cost of calls/messages. You may also not be able to access the NHS out-of-hours (111) helpline from a foreign SIM.

After you arrive

- ☐ Contact family and friends to let them know you have arrived safely
- ☐ Register with a doctor/GP
- ☐ Access your eVisa/digital status using the steps outlined in your email from UKVI
- ☐ Open a UK bank account
- ☐ Arrange insurance for your possessions
- ☐ Apply for a National Insurance number to allow you to work part-time
- ☐ Ensure you are aware of your Student Visa and working conditions. if you are coming to the UK on a Student Visa. You can contact visa@gcu.ac.uk if you need any assistance.

Arriving in Glasgow

Free airport pick-up

Make your arrival in Glasgow as stress-free as possible and sign up to our airport taxi service. We offer a free airport taxi service for international students arriving at Glasgow International Airport in September 2026.

This service is only available to new international students studying on full-time courses at Glasgow Caledonian.

The registration process is simple. When you sign up, you will provide details of your arrival time, flight number, programme of study, and select a drop-off point in Glasgow City Centre. Drop-off is only available to the points listed when registering. From here you can access public transport including buses, trains and subway, or arrange your own taxi for the rest of the journey.

When you arrive at Glasgow Airport, report to the Taxi Information desk, located next to Domestic Arrivals and adjacent to WHSmith and VisitScotland's information desk. Sign in with an adviser at the desk and you'll then be directed to a taxi.

The service will operate from **Monday 22nd August until Sunday 4th October 2026 from 7am to 11pm daily.**

If you arrive later than 11pm, there will be a sign directing you to the taxi rank. Tell the marshall that you're from Glasgow Caledonian University and they will give you a slip to give to the driver.

If your flight time or circumstances have changed, email with your name, flight details and that you are a Glasgow Caledonian University student:

- GLATaxis@glasgowairport.com
- studentevents@gcu.ac.uk

Register for the Airport Taxi Service

For more information on the service, please email
studentevents@gcu.ac.uk

Arriving in Glasgow

Getting to Glasgow Caledonian University

It is very easy to get to Glasgow Caledonian. The city has two train stations - Glasgow Central Station and Glasgow Queen Street Station and these are both within walking distance of the University. It's an uphill walk from Glasgow Central Station. We also have two airports, Glasgow International Airport (closest to Glasgow) and Glasgow Prestwick Airport. You can visit the [Induction webpage](#) for maps and travel information on [getting to the University](#).

International student welcome events

Further information on how to book these events will be available on our [GCU Student Events | Eventbrite](#).
Day trips can be booked on the [GCU Online Store](#).

Welcome Talk

Friday 4 September - 2 pm to 3 pm

Re:Union Bar and Grill

Join us for an informal welcome where you will hear from all of our friendly Student Services team. Discover the support available to you during your time at GCU, ask questions, and enjoy complimentary tea, coffee, and cakes.

Welcome Night with the Students' Association

Friday 4 September - 5 pm to 7 pm

Re:Union Bar and Grill

Find out about the different support services at Glasgow Caledonian and more about the International Welcome Programme. The full-time officers will then be hosting an interactive quiz and tell you all about our Students' Association, plus there will be free food!

Scavenger Hunt

Friday 4 September - 3 pm to 4.45 pm

Re:Union Bar and Grill

Join us for an orientation challenge, giving you the chance to familiarise yourself with GCU and the city of Glasgow. Prizes to be won!

Mural trail

Thursday 10 September - 11.30 pm to 2 pm

Meeting outside the ARC and CEE Building

Glasgow is home to breathtaking murals, and this is your chance to experience them. Join us on our mural trail and see how these masterpieces are brightening up the city centre. It's also a great way to get to find your way around Glasgow city centre.

Loch Lomond Day Trip

Saturday 12 September - 9 am to 5 pm

Meeting outside the ARC and CEE Building

See Scotland at its beautiful best with a boat cruise on Loch Lomond and a stop in the picturesque village of Luss. We will also stop in Balmaha for short hill walk that offers truly fantastic views over Loch Lomond and its many islands.

Trip to IKEA

Sunday 13 September - 10 am to 2 pm

Caledonian Court

Still need to grab some essentials for your new home away from home? We're putting on a trip to our local IKEA where you can browse and pick up some bargains - and maybe even stop by for some Swedish meatballs!

Please note, students are limited to two bags per person and are unable to bring back large furniture items due to the size of the bus.

Medical and Dental Registration

Wednesday 23 September - 11 am to 4 pm

CEE_13

We're offering a drop-in session for those who want to register with a GP (doctor) or dental practice. Pop by anytime between 11am-4pm for information from local services.

International student welcome events

Myths and Legends Walking Tour **Tuesday 15 September - 5.30 pm to 7.30 pm** **Meeting outside the ARC and CEE Building**

Glasgow is steeped in history with myths and stories passed from generation to generation. Join us on guided tour of the City Centre courtesy of The Keltic Ginger (Scotland Tours) as we share some of these stories with you.

British Afternoon Tea: The Butterfly and the Pig **Wednesday 16 September - 2.30 pm to 5 pm** **Meeting outside the ARC and CEE Building**

Britain is well-known around the world for being masters of afternoon tea. Join us at one of Glasgow's most famous tea rooms, The Butterfly and the Pig, for the chance to sample the tradition. You'll receive tea/coffee and a selection of cakes. It doesn't get more British than this!

St Andrews Day Trip **Saturday 19 September - 9 am to 8 pm** **Meeting outside the ARC and CEE Building**

Join us on a day trip to one of Scotland's most iconic and historical towns, St Andrew's.

Learn the Lingo **Tuesday 22 September - 5.30pm to 7.30 pm** **The Entrepreneurial Hub**

The Scottish accent can be difficult to understand. In this interactive workshop, you'll learn some basic words and phrases to get you started, as well as the famous Glasgow humour and give you advice about living here.

Meal out at Bier Halle! **Wednesday 23 September - 5.30 pm to 8 pm** **Meeting outside the ARC and CEE Building**

A great opportunity to sit and chat to other international students over a meal in Bier Halle in the city centre. Free pizza and soft drink on us!
For any dietary restrictions ask at the restaurant.

Taste of Scotland **Tuesday 29 September - 12 pm to 2 pm** **Campus Life Lounge**

You might have also heard about some of the weird and wonderful things we eat here in Scotland. Now this is your chance to try our traditional dishes. Vegetarian options will also be available.

Mind and Draw **Wednesday 30 September - 1 pm to 3 pm** **Meeting outside the ARC and CEE Building**

Join us for a relaxed walk followed by some peaceful outdoor sketching. No artistic experience needed, just bring yourself and a sense of curiosity.

Global Buddies Welcome Social **Wednesday 30 September - 5 pm to 7 pm** **NH209, Students' Association**

Join us at our Welcome Social for a chance to meet and socialise with others International Students.
There will be games, music and snacks for all to enjoy!

Wellbeing Walk **Tuesday 6 October - 1 pm to 2 pm** **Library Desk**

Join us for a relaxed walk, designed to help you settle in, meet new people, and explore your surroundings at an easy pace

Glasgow Music Mile Walking Tour **Wednesday 7 October - 12 pm to 1.30 pm** **Meeting outside the ARC and CEE Building**

The Music Mile tour is a whistle-stop guide around Glasgow's City Centre, an area teeming with music venues past and present.

Hear tales from the heyday of the late, lamented Apollo. Check out the home of Celtic Connections and marvel at the many successful bands that started out at King Tut's.

Our full list of events and activities can be found on our GCU Student Events Eventbrite page which will be updated throughout the year:

[**GCU Student Events | Eventbrite**](#)

For more information about our student events, contact studentevents@gcu.ac.uk

Starting University

Communications

We ask that you check your Glasgow Caledonian email address (...@caledonian.ac.uk) daily as this is the only account staff will use to communicate with you.

Always keep your details updated on the [student portal](#) in case we need to call you or send something important to your term-time or home address

GCU apps

Get all your induction information by downloading the [GCU Welcome App](#). Please note, the "GCU Welcome app" is not to be confused with the "GCU Student App" if searching via your app store of choice. Once you've downloaded the App, select "GCU Welcome January 2026" on the app homescreen. Then, select the "download guide" option and then "open" to access your guide

We also recommend that you download the [GCU Student app](#). We send lots of notifications via the app and it's an easy way to access Glasgow Caledonian resources.

Mobile phone

We have free SIM cards available from giffgaff that will be available during the Welcome Programme.

There are several UK phone networks - we recommend shopping around to find the best option for you. International calls can be very expensive, especially from a mobile phone so you may want to select a provider that specialises in offering discounts on international calls. The two main payment schemes are pay as you go and contract.

- Pay as you go: you pay a one-off fee for the SIM card only or the SIM and handset and buy 'credit' which allows you to make calls up to that value. Credit can be bought easily online and allows you to keep control of your spending, but it can be more expensive if you use your phone a lot.
- Contract: pay a monthly rental fee which is debited from a UK bank account every month. The rental usually includes the cost of certain calls, texts, internet usage and the handset, however contracts are usually for 12 months in length and extra costs can be incurred. You generally need to be in the UK at least three months before you can take this option.

Make sure you know what you are committing to before you sign any contract and make sure you can afford to pay the monthly charges.

Internet and email

As a registered student, you are given access to a Glasgow Caledonian email account and internet services while on campus.

We provide a free Wi-Fi service on campus called [eduroam](#). You can connect to it on any device once you are on campus, with your username and password.

Starting University

Key student information

Student Visa

Most of you will be coming to the UK on a Student visa. As stated on your visa decision email, there are conditions attached to your immigration status and it is vital you adhere to these. These include working limitations and no recourse to public funds.

We are here to support you throughout your course. Any time during your studies, if you have queries about your visa including related academic matters, please contact the VISA Team to discuss your situation. You will be given further information about your visa conditions during the International Welcome Programme when you arrive at GCU. If you have any queries about your visa status or conditions of your visa please contact the VISA team, on visa@gcu.ac.uk.

Please retain your visa decision email as you will be required to provide the University with this letter during face to face registration. This will arrive via email as a PDF attachment. Please ensure you retain evidence of your UK Entry Date (e.g. passport stamp or boarding pass), as this will be required for Registration. Please remember it is your responsibility to ensure you have valid leave to study in the UK and that you do not breach any conditions of your visa. Please refer to your visa decision email for further information.

Visit [GCU VISA team website](#) for more information.

Enrollment and Attendance Monitoring

You will be required to provide your passport and evidence of your visa (eVisa/digital status) when collecting your Student ID Card including evidence of your UK entry which usually takes the form of a UK Entry Stamp in your passport. If your passport is not stamped on arrival, please ensure you retain your Boarding Pass as alternative arrival evidence.

As your visa will be accessed digitally, please be ready to provide a Share Code to provide to evidence your right to study in the UK. It is important you register on time (this includes re-registering with the University as required), and maintain excellent attendance throughout your Programme. This includes attending all lectures, seminars, tutorials and classes, undertaking assessments and submitting assignments and coursework on time and as required. You must inform your department of any temporary absence.

Additionally, all student visa holders and those with another visa to study in the UK must attend regular **VISA Checkpoints** throughout the academic year to re-present passport and visa documents. Failure to engage and attend in your course as required or failure to attend a checkpoint can result in students being withdrawn and their visa sponsorship being withdrawn/reported to UKVI.

Working in the UK

Your working conditions will be confirmed to you by the UKVI and should be stated on your visa decision email. As a Student visa holder, you are responsible for ensuring you do not breach the working conditions of your visa. If you require clarification on your working conditions, please contact the VISA team.

Most Student visa holders are permitted to undertake up to 20 hours per week during term time, and are only permitted full-time hours during the confirmed vacation periods listed on the University Academic Calendar. For the purposes of work, UKVI define a week as 'a period of seven days starting on a Monday and ending on a Sunday'.

Please be aware that breaching your work conditions e.g. working too many hours is considered a serious immigration offence. There are also limits on the type of work you can do.

Please note in order to work in the UK you will be required to obtain a National Insurance Number (NINo) and provide this to your employer. It is important you check your visa to ensure you have been issued the correct working conditions i.e. hours of work permitted. If they are incorrect, this must be reported to the Home Office within seven days of receiving your decision. Please contact the VISA team if you have any questions regarding your visa working conditions.

Starting University

Key student information

Graduate visa

Please note the Graduate visa is not guaranteed to students and has various eligibility criteria, including that students must complete their eligible course and obtain their award whilst still in the UK with a valid Student visa. Students must also have cleared any outstanding tuition fees. Please note this means students undertaking resits or repeats in the last four months of their visa (grace period), may not be able to meet this requirement.

To give yourself the best chance of being eligible for the Graduate visa after your course, it is vital you engage well with your Programme team and ensure excellent attendance, as this will minimise the likelihood of having resits, which may affect your ability to obtain your award before your Student visa expires.

Lost/stolen passport

If your passport or any immigration documents are lost / stolen this must be reported to the Police and other relevant officials. Please contact the VISA team immediately for any assistance required with the process of reporting the lost document and securing a replacement.

Changes to passport or visa

In the event that you obtain a new passport or visa during your course e.g. if you obtain renewed passport, or if you switch to another immigration route, you are required to inform the University of this so we can carry out necessary processes to update your record accordingly.

Contact details

You must update the University if there are any changes to your Visa information, contact details, or term time address. You must check your student email account on a regular basis and respond to requests promptly.

Please note: Student visa holders must live within a reasonable commuting distance of their campus and if a term time address is provided which is not within a reasonable commuting distance of the campus you will be contacted in relation to this

Healthcare

You must register with a doctor (also referred to as a GP), while studying in the UK. You can visit your doctor for all general medical problems. As a Student visa holder who has paid the Immigration Health Surcharge, you and your dependants are entitled to essential NHS healthcare which includes doctor and hospital treatments.

We have close links with other medical services such as dentists, opticians, and family planning clinics. If you would like any information on these services please contact studentevents@gcu.ac.uk

- **Register for a GP and dental practice at our on-campus drop in session: Tuesday, 27th January, 11am-4pm. Further details on Eventbrite**

Opening a UK bank account

We advise you to open a bank account in the UK. If you need to extend your visa or apply for a new visa in the UK it is helpful to have a local bank account to verify funds and pay for the application, although it is not required. In order to make visa requirements easier to meet, we advise you to set up your account to receive monthly bank statements and register for Online Banking.

Starting University

Food and drink

Food and drink around campus is supplied by Baxter Storey, a fresh food company that value quality ingredients, great people and exceptional service.

George Moore restaurant

Start your day in the restaurant and choose from a selection of hot filled rolls, yoghurt, cereal bar, porridge, freshly baked pastries and fairtrade tea and coffee. At lunchtime you'll find an array of hot main meals, a full salad bar, homemade soups and a selection of fresh, tasty sandwiches.

As well as this, the George Moore restaurant will have a fresh rotational menu with shawarma, chicken selectors and ramen all making an appearance.

Grab 'N' Go

Need a quick snack between classes? The Grab 'N' Go can be found in the George Moore building - offering a selection of hot and cold snacks and drinks.

Sir Alex Ferguson Library

Located on the ground floor of the Sir Alex Ferguson library, our cafe offers a wide range of hot food, snacks, and drinks.

Re:Union Bar and Grill

Found in the GCU Students' Association building, the Re:Union Bar and Grill is a place to grab a drink, food, play pool or socialise with classmates and friends.

Find out more

You can find out more about Baxter Storey and the food offerings on campus on [their website](#)

Starting University

Academic expectations at a UK university

You may find that teaching and assessment methods in the UK are quite different to your home country. In addition to attending lectures, seminars and tutorials, you'll be expected to conduct independent and self-directed study. Assessment methods can take the form of assignments, exams, essays and presentations for group work, which can differ between courses.

It's important to maintain a high attendance level. Each timetabled session will provide you with valuable information necessary to complete your course successfully. It's also important for you to attend classes to ensure that you are meeting your Student visa obligations.

Academic culture in the UK places high importance on taking part in discussions, asking questions and playing a full role in group activities.

Learning Development Centres

Each School in the University has a Learning Development Centre (LDC) which provides academic writing support for home and international students, ICT support, advice on study skills and other academic guidance.

Assessment Regulations

You should also familiarise yourself with the University assessment regulations to avoid committing an academic offence. To succeed you need to maintain academic integrity and ensure you avoid plagiarism, collusion and ghost writing:

- Plagiarism - the unacknowledged inclusion of someone else's work in your assessment, or the inclusion of your own work that you had submitted for an earlier assessment.
- Collusion - working with other students to complete an assessment without group work being an explicit requirement of the assessment.
- Ghost writing - paying or asking someone to write some or all of your assessment for you. This also includes using AI, such as ChatGPT to write some or all of your assessment for you. You must write your own assessments

Find out more about cheating and how to avoid it on the [student news blog](#) and the [GCU academic integrity page](#). The Sir Alex Ferguson Library team can also support you with [understanding referencing](#).

Academic Calendar 2026 / 2027

Check term dates, study periods, exam periods and public holidays at any time of year. Any changes to these dates will be communicated to students via email and updated on the website too.

View the [Academic Calendar 2026 / 2027](#)

Starting University

Technology and digital learning

UK higher education uses digital technology in nearly all aspects of teaching and learning. The main online learning hub used to support your learning is the GCU Learn Ultra,, which comes with a wide range of learning tools. All the information that you need about your programme is on GCU Learn Ultra: reading lists, lecture notes, seminar tasks and assessment briefs. Lecturers post announcements on GCU Learn and you can expect to get regular emails with updates on your module activities. It's therefore very important that you know how to use GCU Learn and that you check your university email regularly for updates.

Some lecturers may also use Microsoft Teams, an online platform used for communication and collaboration. It is part of Microsoft 365, together with Outlook, Word, PowerPoint, Excel and many other applications. The University provides every student with a Microsoft 365 account for the duration of their studies; simply use your student email address and password to access Microsoft 365. It is useful to also install the Microsoft 365 applications, including Teams on your devices. If you've never used Teams before, you can find useful video guides from Microsoft on [how to use Microsoft Teams](#).

You can find out more about GCU Learn, Microsoft Teams and the other online learning tools that may be used on the [GCU Learn resource page](#).

There are computers available across campus for you to use in the Charles Oakley, George Moore, Govan Mbeki, Annie Lennox, CEE building, Sir Alex Ferguson Library and Students' Association building.

[Short loan laptops](#) (up to three hours) are also available to borrow for our students and staff. The Lapsafe laptop vending machine is located on level 0 of the Library, facing the café counter.

What is expected at postgraduate study

Postgraduate study involves a lot more self-directed study, including in-depth reading of a greater range of materials at each stage of the course so that you can more deeply and meaningfully engage in subject discussion and critical thinking. You will be expected to participate and engage in tutorials, and there will be a great deal of independent learning in addition to the lectures and classes.

Postgraduate degrees will involve a higher level of expertise in the topic than undergraduate degrees. A postgraduate course often involves a much deeper analysis and involve detailed study of the subject. You will be expected to have a high level of critical thinking and analytical skills

On postgraduate taught courses at Glasgow Caledonian, students are afforded two attempts at each module.

Why is it important to attend Induction

Induction is a really important part of your university journey and there will be opportunities for you to engage in activities at a university level, school level and programme level throughout this period. It's your opportunity to familiarise yourself with your school and programme of study and ensure that you are prepared before your course begins. It's important to attend your timetabled Induction sessions to ensure you get off to a successful start on your course.

Research Cafes

The Library has been running the Research Cafés for several years, and a new series will commence in October. Research Cafés offer an informal opportunity for staff, students, and the public to meet and discuss GCU research. The Cafés provide a platform for researchers and research students to give a short talk and lead a discussion about their area of research.

The Cafés will be held in the Relax and Renew Space in the Sir Alex Ferguson Library. Dates and times to be announced soon.

Starting University

Useful terminology

- **Assessment** - Assessment refers to a variety of methods the University uses to evaluate, measure, and document the academic readiness, learning progress and skill acquisition of students. Assessments usually take the form of exams and coursework.
- **Assessment criteria** - These are the descriptive statements that tell you about the characteristics of a given assignment that lead to a particular standard of achievement. You can refer to this criteria to help you improve your assessed work and they will be used by your lecturers as a benchmark against which to award you a mark.
- **Course / Programme** - The course is your programme of study at either undergraduate or postgraduate level, for example BA (Hons) International Business or MSc Biomedical Science. In some countries a course is called a major. There will be a number of modules on your course and each module will contain one or more assessments.
- **Class rep** - Class reps seek out students' views and present them to the Academic Course Leader. They work in partnership with staff to improve their course and resolve any course-related issues as they arise throughout the year. Course Reps also work closely with the Students' Association to campaign for change and make things better for students.
- **Credits** - If you pass a module, you will be awarded with a certain number of credits. All modules are worth a different number of credits, for example, some modules may be worth 10 credits while others may be worth 20. You will be required to pass a set number of credits to pass your overall course.
- **GCU Learn** - A virtual learning environment (VLE) which allows staff to share information about each module to students; this includes important announcements, slides, and online learning resources. It is also used by students to submit assignments electronically. Students should check daily to keep up to date with all of their modules.

Starting University

Useful terminology

- **Head of School** - They provide academic, strategic, and operational leadership to support the school's student experience, learning and teaching, research and engagement outcomes.
- **Induction** - The week before the first week of teaching in the academic year. During this week, various introductions take place for new students, including to your academic course. Induction week is not optional for new students; you will find the academic sessions held in this week provide information and policies before classes begin, an important grounding for the rest of your year.
- **LDC** - Learning Development Centre which are based in each of the three Schools. It provides academic writing support, advice on study skills and other academic support and guidance.
- **Lecture** - A lecture is a formal presentation conducted by your lecturer. Your lectures will normally be held in a lecture theatre and usually last between one to two hours. Numbers may vary in size between 30 and 350 students and may include the use of hand outs, overhead slides and audio-visual presentations. There is minimal interaction between staff and students. Students are expected to listen attentively and take notes on the information.
- **Module** - On each year of your course you'll take a range of modules. A module normally involves a specific set of classes on a specific topic and set of assignments/exams for you to complete. Each module has its own code and title and will have a formal module description, setting out details of the module (including teaching methods, assessment, etc).
- **Module Leader** - The Academic responsible for the running of each module.
- **Personal Tutor** - As part of your Glasgow Caledonian experience, you'll be allocated a named Personal Tutor. Your Personal Tutor is someone you can engage with to support you in making the most of your University experience. Personal Tutor meetings can take place in a variety of settings (for example: in person, online, in groups).
- **Principal** - The University's most senior officer, responsible for the strategic direction and leadership of the University.
- **Programme Leader** - Programme Leaders are responsible for the management and assessment of the programme. Programme Leaders are academics staff who are responsible for the learning and teaching alongside the assessment methodology of the programme.
- **Seminars / Tutorials / Workshops** - Seminars/ tutorials/ workshops are often quite similar and typically incorporate a lecture, perhaps with slides and hand outs, combined with significant student participation. There are generally activities and discussions which run throughout the session which encourage interaction between the students and lecturer. Students are expected to participate fully in these classes.
- **Students' Association** - Glasgow Caledonian Students' Association represents and supports students so they have the best university experience. It's an independent organisation run by students, for students. All Glasgow Caledonian students are automatically members.
- **Trimester** - The current Academic Calendar is based on three trimesters of study per year. Each trimester includes a 10-to-12-week teaching period. Trimesters are referred to as Trimester A (September to January), Trimester B (January to May) and Trimester C (May to September).
- **Turnitin** - Turnitin is an external text matching service which highlights similarities in written assignments with other work held in a vast number of databases, including the Turnitin student paper.

Supporting you

Learning Development Centres

Each School in the University has a Learning Development Centre (LDC) which provides academic writing support for home and international students, ICT support, advice on study skills and other academic support and guidance.

The LDCs are inclusive and committed to providing support for all students including those with disabilities or specific learning and teaching needs. Students are welcome to visit their School's Learning Development Centre's webpages, which provide further information about the service, including how to seek assistance related to their studies. The centres provide a variety of academic support; through a combination of workshops, small group sessions, one-to-one appointments and tailored teaching within modules. The support available to students is provided in a professional and supportive environment enabling them to develop the skills required to succeed at university.

See [your School's LDC webpage](#) for more information and contact details.

Support for international students

Visa Immigration Support and Advice (VISA)

The VISA team specialises in visa and immigration advice within the University. If you have any enquiries regarding your visa status, please contact the team directly. All visa and immigration advice can only be given by qualified staff within VISA at the University.

Confidential support and advice

The VISA team offer advice and guidance on Student visas, visa conditions including working permissions and more.

They provide support to students making Student visa applications overseas or in the UK, offering advice on documents required and application submission. The VISA team are also here to help with other questions from international students and are connected with various departments across the University to ensure the international student experience including visa support is as seamless as possible. All communication is confidential and free of charge.

Getting in touch

The VISA team offer regular drop-ins on campus. Visit them in the Campus Life Lounge, George Moore building, or check times online on [VISA team's webpage](#). The team can also be reached via email on visa@gcu.ac.uk

If you cannot reach the team by phone during busy periods, please email us and we'll contact you as soon as possible.

FAQs for new international students

The VISA team have collated some of the most frequent questions from new international students coming to the UK to study at GCU, you can view the [FAQs online](#).

Supporting you

Careers support

Career planning is so important, no matter what stage of your studies you are at or where in the world you want to work. The Careers Service can support you while you are here and help you to plan for a brighter future. We also support you for two years after graduation.

Our Careers Advisers are professionally qualified and we have careers partners working alongside Programme Leaders in each school. Workshops and presentations may be delivered as part of your course or through a series of opt-in sessions. Details about careers events and activities are regularly posted [on our website](#).

Opportunities for students and graduates

We can help you to:

- Explore internships, part-time or voluntary work while you study or during the vacation periods.
- Find out about graduate opportunities and provide job search advice and support for the UK and global markets.
- Understand the UK recruitment and application process.
- Understand your options and plan your career.

[GCU Careers website](#) is a key source of information and opportunities. As an international student you may be planning to return to your home country after finishing your studies, so be sure to check out our [Global Careers section](#).

Work experience opportunities

We know that you may want to gain work experience while you are here so be sure to check out the opportunities that we have on [CareerHub@GCU](#). This includes internships, part-time and on campus opportunities as well as graduate positions. By undertaking work experience, you will be able to gain the essential skills which employers value.

Career appointments and drop ins

You have a choice of either a 45-minute or 15-minute appointment with a Careers Adviser. It's easy to book an appointment with our [online appointment service](#). The Careers Service runs a drop-in service most days, please check the signs at the front of the Careers Service or the Careers Service blog for the latest availability.

The GCU Employability Award

The GCU Employability award will give you the opportunity to get recognition for a range of activities you are participating in including work, career planning, global engagement, volunteering and much more.

You can find further details and apply from the [website](#).

We look forward to seeing you in the Careers Centre. You'll find us on Level 1 of the George Moore building.

Supporting you

Accommodation

It's really important that you plan your accommodation before you arrive in the UK. There's a high demand for accommodation across Glasgow and it can be difficult to find once here.

Caledonian Court

[Please look on our website](#) or contact our Accommodation Office for advice and information on Caledonian Court, our on campus accommodation.

Email: accommodation@gcu.ac.uk

Private accommodation

Should you wish to seek private accommodation, we highly recommend you secure this before your arrival. There are a number of privately run purpose-built student accommodations in the city that provide en-suite rooms within a cluster flat and/or studio accommodation, for students living alone. Please be aware many of these are already fully booked.

Additionally, there are also traditional rentals. Should you wish to secure this type of accommodation, please ensure your landlord is registered under the [Scottish Landlord Register](#).

You can find further information on this, as well as [top tips when looking for private accommodation on our website](#).

Commutable distances

If you are unable to get accommodation within Glasgow we recommend living no more than 1hr 30 minutes commutable distance. See our private accommodation [FAQ page](#) for further information on distances and transport.

Supporting you

Student Wellbeing Service

We offer free and confidential advice and services to all students at Glasgow Caledonian. The Student Wellbeing Service offer support through our Counselling team, Wellbeing Advisors and Mental Health Advisors. There is also a Disability team, alongside other resources including online information, wellbeing workshops and more.

Disability

Do you have a long term health condition or disability which might affect your studies? Our team of advisers can offer you advice and support so that you are able to fully participate in university life, and perform to the best of your ability. In the UK, we have a culture and laws which ensure that disabled people are treated equally to those without a disability. For more information see [our website](#).

Wellbeing and mental health

To get the most from your time at the University, it's important that you're happy and healthy. However, it is not uncommon to feel sad and lonely when you are away from your home, friends and family - especially if this is the first time you have experienced living independently. The Student Wellbeing Service runs an informal programme of activities for students to take some time out to focus on their health and wellbeing, including free yoga sessions and wellbeing walks. This is a good opportunity to meet people, explore the city and develop new skills in a relaxed and friendly environment.

In the UK it's not unusual to go and talk to a professional counsellor for help if you're struggling emotionally or psychologically.

We want to reassure you that the Student Wellbeing Team is able to offer support to you. All of our counsellors and advisers are qualified and experienced in working with international students and understand some of the cultural issues that students experience.

For more information on our Wellbeing service, see [our website](#).

Supporting you

Finance

The Student Finance Team at Glasgow Caledonian is here to give you information, support, and advice about paying your tuition and accommodation fees, payment plans, and outstanding debt.

Information in relation to these can only be given by staff within the Finance team at the University.

It is important that all new students read the Fees and Refund Policy and Credit Control and Debt Management Policy to understand their financial responsibilities on registering at GCU.

Getting in touch

The Finance team offer daily drop ins on campus. Visit them in the Campus Life Lounge, George Moore building from 11am – 3pm.

Online appointments can be booked on the [Finance Team website](#).

Email: arstudent@gcu.ac.uk

Telephone: +44(0)141 331 8195

Frequently asked questions

The Finance team have collated some of the most frequent questions from students coming to study at GCU, you can view the [FAQs online](#)

Supporting you

Students' Association

What is the Students' Association

GCU Students' Association exists to represent and support GCU students to have the best university experience. This is our Mission. All GCU students are automatically members of the Students' Association.

We are constantly striving towards our Vision that you will have an outstanding experience that will live with you forever, and our Values are being Inclusive, Community, Student-Led, and Fun.

We are a charity with charitable purposes and are a separate and independent organisation from GCU. We are located in the Students' Association Building on the Glasgow Campus and have an office at GCU London.

Each year GCU students elect four Full Time Officers, they form the Executive Committee. The Full Time Officers are responsible for ensuring the views of GCU students are effectively represented.

Advice Centre

The Students' Association has an Advice Centre that is committed to providing confidential advice and support to GCU students experiencing a wide range of difficulties. Our Student Advisers deal with individual student enquiries and provide support for disputes, academic concerns, or personal issues.

Getting involved

There are around 100 societies and sports clubs at the Students' Association, all are student led and they organise a diverse range of events and activities for all students.

Find out more information on the [Student Association website](#) or drop in to see us at the Glasgow or London Campus.

Life in Scotland

The cost of living

Many students believe that as long as they can get into the UK, then working and/or the University will provide them with enough income to support them during their time. In the vast majority of cases, this isn't true, especially for those traveling with families. As a result, we see students getting into financial hardship and, sometimes, having to leave the UK before they have managed to complete their studies. We don't want this to happen to anyone.

It's important that you properly know about and understand UK finances before you choose to come here. We've put together an average living expenses below but don't forget that your own budget should reflect your own priorities:

A single student will need around £17,500 to cover living expenses for a full calendar year (no children, living away from home), with a monthly total of around £1,450.

Accommodation	£600
Gas/Water/Electricity	£210
Food/Household goods	£190
Local Transport	£135
Phone/Sim	£30
Social activities	£65
Internet	£30
Clothes, monthly subscriptions (Gym, TV, Spotify etc)	£30

*These prices can vary widely and may be significantly higher.

[You can find further details on our living and study costs webpage](#)

IMPORTANT: Remember that the cost of living is subject to inflation and that the UK is currently seeing a significant rise in areas such as food, rent and utility bills (gas and electric etc).

Funding support

Opening a UK bank account

You'll need to open a UK bank account to make and receive payments, shop online and to receive earnings if you have a part-time job. We suggest that you make opening a UK bank account a priority. Look for a bank that gives you a debit card. Some banks have accounts specifically for international students; monthly charges may apply for these accounts, however all banks have standard accounts that are free with no monthly charges. You don't need to visit a bank in person to open a UK bank account anymore - it can all be done online.

You may need a Confirmation of Student Status letter to open a bank account, which you can [request here](#).

For lots of useful information and tips on budgeting and managing your money see [Managing your money webpage](#).

Additionally, our Funding team offers support for international students who seek financial guidance during their studies, including

- General advice on our [managing your money](#) webpage (which includes a quiz for international students)
- Personalised advice via email by emailing financialwellbeing@gcu.ac.uk using subject 'Funding Wellbeing Advisor'
- Personalised advice in person at funding team drop-in sessions (George Moore building, Level 1). The times for these change throughout the year so email funding@gcu.ac.uk to find out the current times for a given week/month.

Life in Scotland

Medical and dental registration

Registering at a doctor's surgery

There will be opportunities on campus to register for a doctor at a nearby medical practice.

Drop-in session date: Wednesday 23 September

Time: 11am-4pm

Further details on [Eventbrite](#)

Alternatively, if you'd like to register for a GP online, you can fill out an application for [Woodside Health and Care Centre](#).

If you require any medication, we recommend you bring at least two weeks supply as you may not be able to access this instantly. Alternatively, register for a local Glasgow-based doctor below.

Website: www.drleslieandpartners.com

Telephone: +44 (0)141 201 5560

Registering for a dentist

We've worked with Woodside Dental practice for a number of years now and many of our students choose to register with them. Come along to one of our drop in sessions or visit their website for more information.

Website: woodsidedentalpractice.com

Telephone: +44 (0)141 332 0793

HPV, Men ACWY and MMR Vaccination

NHS Greater Glasgow and Clyde will be at GCU to offer International students who have not previously been vaccinated against Measles, Mumps and Rubella, Meningitis ACWY and HPV to receive their vaccination. You can also get your Meningitis B vaccination at the same time, if you need this.

Drop-in session dates: Monday 21 and Tuesday 22 September

Location: Teaching Block Building (back of the campus near Caledonian Court)

It is really important to protect yourself and your fellow students. Infectious diseases such as Measles, Mumps and Rubella (MMR) and Meningitis can spread easily and can cause serious illness - so please protect yourself and others. The human papilloma virus (HPV) protects against cervical, certain other cancers and genital warts caused by this virus.

International applicants should try and get both doses of the MenB vaccination before arriving in the country as this will provide the best protection.

However, be assured if you are unable to receive your vaccination prior to travelling then you will be able to get your first and/or second dose at a clinic in the UK.

If, in the country you live in, you were given the MenB vaccination called Trumenba, it is strongly recommended you complete the course before arriving in the UK as the UK only uses the Bexsero vaccine. Please take proof of your first vaccination dose where possible to a UK clinic.

Life in Scotland

Cultural differences in the UK

- **Time keeping** - In the UK arriving on time is very important, especially in academic life and business. You should always be on time for lectures, classes and meetings with academic and support staff. If you are running late, you should contact the person you are meeting to let them know. If you're late you may be told to make another appointment to be seen on another day.
- **Being polite** - Being polite is considered to be an important part of British culture. If you need to ask for someone's help, it is polite to use the words 'please' and 'thank you'. Say 'excuse me' when you would like someone to move out of the way and 'sorry' if you accidentally bump into someone.
- **Queuing** - In the UK, it's considered polite to queue and wait for your turn. You'll find that this is common practice and part of your daily routine. This includes bus stops, shops, train stations, etc. 'Queue jumping' (moving to the front of the queue without waiting) is considered impolite.
- **Gender** - Men and women play an equal role in society in the UK. There are no rules or regulations which prevent men or women doing specific jobs - both men and women alike carry out all roles at all levels.
- **Equality** - When you're talking to someone or are requesting a service from them, no matter whom they are and no matter what role or status they have, you must be courteous and not demanding. It's illegal to discriminate against anyone according to their race, gender, age, religion, sexual orientation or disability.
- **Smoking** - Smoking is banned from enclosed public places in the UK. This means that people can only smoke in designated areas where there is a smoking sign. This also includes e-cigarettes (vapes). This ban affects most public premises such as restaurants, pubs, bars, shops, cinemas, shopping centres, and public transport. Glasgow Caledonian has been a non-smoking university for many years. If you are a smoker, please ensure that you only smoke in the designated areas. Anyone who does not abide by these rules could face criminal charges and a fine.
- **Alcohol** - You must be over the age of 18 to buy and drink alcohol in pubs, bars and nightclubs in the UK. You may be asked for ID - rather than carry your passport, apply for a ISIC card. If you don't drink alcohol, you may be slightly worried if you're invited to a pub, bar or nightclub. Don't worry, these places are popular and sell non-alcoholic drinks too, and it's acceptable to go into a bar, pub or nightclub and not drink alcohol.
- **Weather** - UK weather is very changeable. Our summers are mild with temperatures rarely exceeding 25°C, while in winter temperatures can drop to -5°C. Wet and windy weather can occur throughout the year.
- **Daylight saving time** - The UK has daylight savings time. On Sunday 29 March 2026, clocks go forward one hour, on Sunday 25 October 2026, clocks go back one hour.
- **Recycling and waste** - Recycling is encouraged in the UK, and you will find recycling bins on campus. Different local councils will use different coloured bins and may have different rules, but materials such as cardboard, paper, glass, cans, and some plastics will be recycled by all local councils.
- **Water fountains** - There are water fountains around campus and Glasgow but you will need a refillable water bottle to use them - cups are not provided. Refillable water bottles are popular as they reduce plastic waste, save money over time, and encourage regular hydration by making it easy to carry water on the go.

GLOBAL BUDDIES

Join now and make Glasgow feel like home. Visit the [Global Buddies webpage](#) for information on signing up.

Life in Scotland

Culture shock

Coming to the UK may be a new cultural experience for you, with many things which are very different to what you are used to in your home country. You may experience 'culture shock' which is a very common feeling. Culture shock can be the shock of living in a new environment, meeting lots of new people, getting used to a different climate and food, being away from your family etc. It's very normal to feel culture shock not long after you have arrived in the UK. Here are some ideas which might help you settle in:

- Remember that it's perfectly normal to feel homesick.
- Keep in touch with your family and friends back home, and have familiar things around you from home such as photographs.
- Get involved! Come along to our International Welcome Programme events so that you can meet other students and make friends.
- Join one of the societies run by the Students' Association. This is an excellent way of meeting new and current students with similar interests or of similar backgrounds.
- Find a supplier of familiar food if you can. Make sure you eat a balanced diet with lots of fresh fruit and vegetables. Check out some of the many world food shops in Glasgow listed here.
- Take regular exercise and maybe join a sports club or our on-campus gym. As well as being good for you, sports and exercise can be a great way of meeting people.
- Make use of the University services, including the Wellbeing Service and the Students' Association Advice Centre.

Life in Scotland

Your new home from home

Coming to university is a chance to discover new interests and make new friends - and there will be plenty of opportunities to do both, on and off campus. Glasgow is home to over 130,000 students, so whether you're a local or new to the city, you'll be in great company.

People make Glasgow!

Glasgow is a great place to live - and it's just small enough that you'll feel at home right away. It's bursting with cafés, museums and galleries, bars and clubs, world-class sports facilities, shopping and theatres. There's definitely something for everyone, and you'll find plenty of student discounts and offers.

A compact city that's easy to explore from GCU's city-centre campus, Glasgow boasts world-famous architecture and plenty of green spaces. Plus, our great air, rail and coach connections make it easy to explore Scotland's stunning countryside and cities, the rest of the UK or even Europe.

Scenic Scotland

With a beautiful landscape filled with mountains, hills, lochs and rivers, Scotland is the perfect place for getting outside. You'll never be short of things to do when you're not studying.

Things to do in Scotland

- Experience the world-famous Edinburgh Festival and Hogmanay (New Year) festivities.
- Explore breath-taking scenery and test your nerve with adventure sports.
- Investigate our colourful history of epic battles, castles, myths and legends.
- See global music artists or discover up-and-coming bands at world famous venues such as King Tut's or Barrowlands.

Get to know Scotland

- peoplemakeglasgow.com
- visitscotland.com
- gigsinscotland.com

Sport and recreation

Glasgow Caledonian has a vibrant sports scene, much of it focused on the Arc, the on-campus health and fitness centre. The Arc has two sports halls and three gyms and is home to 35 sports clubs and the base for activities organised by the Students' Association - from badminton and basketball to riding, swimming, martial arts, hockey and football.

Fashion and shopping

Glasgow's been rated the best place to shop in the UK outside London's West End, so it's ideal for students with a passion for fashion. Glasgow's 'Style Mile' showcases designer labels and high-street brands, and there's also a great range of independent and vintage shops, cementing the city's growing global profile as a leading retail, cultural and style centre.

Things to do in Glasgow

- Go shopping! Glasgow is the second largest retail centre in the UK.
- Visit one of the city's 13 free museums.
- Experience one of Europe's richest art collections in the city's many galleries.
- Watch a sporting event at Hampden Park stadium.
- Enjoy a famous band at one of the city's music venues.
- Admire the elegant 'Glasgow style' architecture across the city centre.
- Glasgow is literally the "Dear Green Place" - the translation of its name from Gaelic. Visit one of the dear green place's 90 stunning green spaces, - more per head than any other European city.
- Join one of the many walking tours offered around the city.
