

Site Screening and Enrolment Log

- The purpose of this document is to record the consent and screening of all subjects and the outcome of each screening
- This log can provide a comprehensive list of all subjects who were screened for eligibility if the information is not maintained electronically.
- This document provides an example of required information and can be altered to the needs of individual studies.
- This log should not hold any identifiable information.
- Number each page and maintain this log in the essential documents folder for the research project.
- Remove this summary sheet before using the log.

Site Screening and Enrolment Log
