- Royal Mail
- CitiPost
- DelTec

[EFM1024 AP Water Quality Management](#) (new Agreement due live on 7th August 2021: EFM1044 AP Water Quality Management) – the evaluation of tenders for the new Framework Agreement is currently ongoing and reached the consensus phase. The Award date is scheduled to take place on 12th July 2021 allowing a lead-in period of over 3 weeks before the Framework Agreement goes live.

[PMR1001 AP Franking Machines](#) (new Agreement due live on 30th October 2021: PMR1003 AP Franking Machines) – the Strategy for the new Franking Machines Agreement has been finalised and work is currently ongoing on developing the Invitation to Tender.

3	Installation of EVCPs and Associated Products (including removal)
4	Maintenance of EVCPs and Associated Products

The Framework is currently at strategy stage and is due to be issued in July 2021 and is expected to be in place for use by 16th December 2021. It will run for an initial two year period with the option to be extended for a further 24 months.

In the interim the following solutions are in place. Colleagues should review these and decide if they believe they are compliant and fit for their purposes
[Crown Commercial Service Vehicle Charging Infrastructure Solutions Dynamic Purchasing System](#)
 (Expires May 2024)
[ESPO Framework 636 Vehicle Charging Infrastructure](#)
 (Expires 08/08/2021).

For any information on the above please contact [Andy Anderson](#) 07766 070781

[JAN1007 AP Cleaning Materials & Disposable Paper Products](#) first ranked supplier, Bunzl CHS, are currently being evaluation in SCM Section 2. Once finalised, scores will be available to view.

[Green Public Sector Estate Decarbonisation Scheme Information and webinar details](#)

The Scottish Government have launched the new Green Public Sector Estate Decarbonisation Scheme. Please find all of the information you should need relating to the funding scheme here: [Energy efficiency: Energy efficiency in the public sector - gov.scot \(www.gov.scot\)](#)

At present they have opened 2 funding calls, one for capital support and one for resource support for those public bodies that are not at project commencement/delivery stages. Please be sure to read through all of the information published on the webpage and pop-out guidance note page, especially relating to eligibility for applications to the funding calls.

Any public body who wishes to apply to either of the open calls should email gpseds@gov.scot to request an application pack. Applications will close on the 30 July 2021 and all applications documents must be submitted prior to midday.

	<p>Further funding to support multi-year projects and additional energy efficiency projects in the public sector will be announced in Autumn 2021.</p> <p>JAN3134 NW White Goods and Associated Products and Services - NWUPC is looking to develop a new way to advertise the various Contractors' products on their White Goods Framework. This is still work in progress and should take the form of electronic catalogues published periodically for Institutions. Any publication will be communicated via the eZine and updated onto the Buyers' Portal accordingly.</p> <p><u>Dates for the Diary</u> PSGU – 19 August 2021 PSGC – 19 August 2021 Procurex Scotland – 29 September 2021</p> <p><u>General</u></p> <p>APUC category specific responsible supply chain guides can be found on the APUC Buyers Portal at the following link Responsible Supply Chain Guide</p>
--	---

Framework Agreements – Introduction Notes

Routes to Market

Within the information for each Framework Agreement the available routes to market will be described. Most will provide an option to undertake a Mini Competition or a Ranked approach for supplier selection. They are defined below:

- A Mini Competition means issuing the Institutions tender documentation to ALL suppliers who have been awarded a place on the Framework Agreement.
- Ranked selection means going directly to the Supplier who is ranked number One. If this supplier is unable to undertake the work, then going to supplier number two and so on.
- Desktop Selection means selecting suppliers based on the original tender submission scores. There are two methods – “Desktop Evaluation” and “Desktop Award”. These are quick routes to market, details of each method used are contained within the relevant Buyers Guides.

All Estates Maintenance Service Framework Agreements that have a reactive service element are ranked to enable call-off within the required timescale. Preventative services elements are more complex and are therefore called off by mini competition.

Detailed information on all Framework Agreements are located in the Buyers Guides on the APUC Buyers Portal.

General

If you have any queries in relation to using the Framework Agreements, then please either get in touch with the named contact for each Framework Agreement or any member of the relevant Category team on the final page.

The Contracted Framework Agreements, those In Progress, Scheduled and in Research are listed below.
